

DEPARTMENT OF COMPUTER SCIENCE

Programme Title: B.Sc. Computer Science

Programme Outcomes

- PO1: To apply knowledge of computing appropriate to the discipline
- PO2: To identify, formulate, and develop solutions to computational challenges based on ethical principles.
- PO3: To design, implement, and evaluate a computational system to meet desired needs within realistic constraints.
- PO4: To use appropriate techniques, skills and tools necessary for sustainable development of societal and environmental contexts.
- PO5: To apply programming skills with their enhanced creativity as an individual or team.
- PO6: To equip students with sufficient knowledge web based programming languages for research project management.

Programme Specific Outcomes

- PSO1: To apply problem-solving skills and the knowledge of computer science to solve real world problem.
- PSO2: To gain knowledge and skill set in applying core concepts.
- PSO3: To develop global standard competencies.
- PSO4: To function effectively on teams to accomplish shared computing design, evaluation, or implementation goals.
