

DEPARTMENT OF ZOOLOGY

Programme Title: B.Sc. Zoology

Programme Outcomes

- PO1: To acquire the knowledge of basic concepts, fundamental principles, and the scientific theories related to Zoology and their relevancies in the day-to-day life.
- PO2: To develop skills in handling scientific instruments, planning and performing in laboratory experiments.
- PO3: To procure knowledge based on the data, figures and illustrations.
- PO4: To analyze the given scientific data critically and systematically and the ability to draw the objective conclusion.
- PO5: To think collectively and creatively to propose novel ideas in explaining facts and figures or providing new solutions to the problems.
- PO6: To equip the students with employability and communicative skills to get placed in teaching, research and related industries.

Programme Specific Outcomes

- PSO 1: To acquire basic knowledge in observation, study of nature, biological techniques, experimental skills and scientific investigation. They understand the utility of life with the rich diversity of organisms and their ecological and evolutionary significance.
- PSO 2: To gain students knowledge in basic and modern concepts that caters the day-to-day needs and advancements in Zoology.
- PSO 3: To apply their knowledge in various branches of Zoology that enables them to undergo higher studies with holistic, spiritual and ethical values.
- PSO 4: To give training to exposure in skill enhancement courses and internship.
- PSO 5: To train the students in multidisciplinary fields that facilitates them to get the job or to become an entrepreneur.
- PSO 6: To render selfless services for the Nation and extend their services to the society.
